DECISION

This matter came on regularly for hearing before a panel of District 11 Medical Quality Review Committee, at Torrance, California on September 1, 1988. Paul M. Hogan, Administrative Law Judge of the Office of Administrative Hearings, presiding.

Panel members present were:

Maclyn Wade, M.D. (Chairman)  
Harold Rosenfeld, M.D.  
Paul Slawson, M.D.  
Glen Stimmel, Pharm.D.  
Elizabeth Szu  
Oscar Tandog

Earl R. Plowman, Deputy Attorney General, represented the Attorney General. Petitioner appeared in person without counsel. Documentary and oral evidence was presented, and the matter was submitted for decision. The panel makes its findings of fact, determination of issues, and order as follows:

I

Petitioner's certificate was revoked on June 23, 1978 in Case No. D-2036 and such decision has long been final.

## II

Petitioner filed a petition for reinstatement of his revoked certificate on June 7, 1982, and again on March 25, 1985. In each case his petition was denied.

## III

The instant petition was filed on March 4, 1988. More than two years has elapsed since the Board's disposition of the last petition for reinstatement preceding the one now at issue:

## IV

Petitioner presented no independent evidence, either testimonial or documentary, relating to any individual psychoanalysis or individual psychotherapy that he may have undergone.

## V

There is not sufficient evidence before the panel to support a positive finding as to petitioner's present competence to practice medicine safely.

## DETERMINATION OF ISSUES

### I

In any future proceeding upon a petition for reinstatement of his revoked certificate, petitioner is advised to present competent independent evidence pertaining to intensive individual psychoanalysis, psychotherapy, or any combination of the two, in addition to independent competent evidence as to his continuing education in his specialty of psychiatry.

### II

Petitioner has failed to establish by a preponderance of competent evidence his present professional competence to practice medicine safely.

III

Petitioner has failed to establish by a preponderance of competent evidence cause for reinstatement of his revoked certificate within the meaning of Section 2307 of the Business and Professions Code.

ORDER

The petition of Roland Fairfield Robie, Jr., M.D., for reinstatement of his revoked certificate is hereby denied.

This Decision shall become effective on 11-14-88.

IT IS SO ORDERED 12<sup>th</sup> day of October, 1988.
